

BOLLA

MERLOT IGT

Production Area: Selected grapes come from the most renowned regions of Italy.

Grape Variety: 100% Merlot.

Description: Bright ruby red with a full bouquet of cranberries, cherries, plums and raspberries, Bolla Merlot has an appealing, bright black-cherry character enhanced by hints of licorice, vanilla and clove derived from the wood aging. A dry, savory and harmonic taste with a distinct finish of wild berries.

Bolla uses only fully mature grapes, in order to achieve the maximum expression of Merlot's varietal character. The grapes are hand-picked at the correct ripeness and vinified on the skins with about 15 days maceration. The wine is fermented in temperature-controlled stainless steel tanks and then undergoes malolactic fermentation. 10% of the wine is aged for 4 months in both American and French oak barrels before blending and bottling to add structure and character.

Bolla Merlot is a perfect match for grilled red meats, cold meats, and semi-aged cheeses.
