

SILVER TØTEM

Deep color, ripe fruit, nuance and complexity. The best of what Columbia Valley has to offer.

SILVER TOTEM RED BLEND

Symbolizing the culture and evoking the spirits of its origin, Silver Totem is an artfully crafted wine of distinctive character and true sense of place.

SOIL

Windblown loess intermixed with glacial silt on fractured basalt.

PRODUCTION TECHNIQUE

The grapes for our Silver Totem Red Blend take advantage of the best the Columbia Valley has to offer. Cabernet Sauvignon, Merlot and Malbec are fermented separately, allowing each grape to fully express itself. The wines are pressed and aged in a mix of stainless-steel tanks and barrels for three months developing depth while maintaining purity of fruit. Each cuvée is evaluated prior to making the final blend, then returning to tanks and barrels, with a dash of toasted oak for nuance. This additional aging brings the wine together with one harmonious voice.

BOUQUET

Wild berries, tobacco leaf and toasted oak.

TASTE

Round tannins provide the structure and support for the core of sweet fruit and vanilla finish.

FOOD PAIRING

Grilled meats and hard cheeses are just some of the fare this delicious wine pairs well with.

ORIGIN

Columbia Valley,
Washington

VARIETIES

Cabernet Sauvignon,
Merlot, and Malbec.
