

EUFLORIA
Dry White Wine
Washington

Area of Production:

Columbia Valley, Washington.

Soil:

Wind-blown loess on basalt bed rock.

Grape Variety:

Our proprietary artist blend.

Production Technique:

After harvesting Washington state's finest automatic white varietals, we ferment them cold in stainless steel to retain the truest characteristics and the freshness of the wine. The wine is aged on lees for a few months to add a bit of weight to the final blend.

Characteristics:

Color: Pale yellow.

Bouquet: Jasmine, honeysuckle and citrus blossom.

Taste: Citrus, white peach and mineral.

Alcohol Content: 12.5%.

Total Acidity: 6.5 g/l.

Ideal with foods as diverse as a spring salad, grilled fish or roasted pork loin.
